

KIOSK ACTIVITY Supplements (for a fee)

HYERES / LA CRAU

The Kiosk offers students a selection of supplementary activities for an extra charge during their stay in France.

These activities are available during the time left free in the students' weekly schedule.

The extracurricular team will keep the students up to date on the kiosk's offerings and handle the sign-up procedures.

The kiosks are not unsupervised outings. The students will always be accompanied by the team leaders.

Every week, students can take part in two activities:

- One afternoon activity (during the « free » afternoon)
- One evening activity
